EDUCATIONAL LIAISON TEAM

We are the educational Liaison Team. We primarily take care of the educational needs of the children in foster care. The Age range we assist is from 7 years old up until 18/19 years old (or graduation graduation). We strive to help children achieving their educational goals and career paths.

As a unit, we support social workers in our regions, youth, caregivers and community partners. We advocate for our children by attending events, staying updated and informed on latest resources to help at best and as much as we can.
